ADVISORY NOTICE
FOR IMMEDIATE RELEASE

HAND DELIVERY

Issue Date: Thursday, September 10, 2020

Affected area is within Village of North Palm Beach

This is an important message from Seacoast Utility Authority, your water and sewer utility. Water service for 303 - 325 Northlake Dr., and 719, 721 Northlake Blvd., North Palm Beach affecting approx. 30 customers will be temporarily interrupted on Thursday, September 10, 2020 from 10:00 PM to 2:00 AM Friday, September 11, 2020 due to a main line tie in. Prior to the outage it is recommended to clean and fill your bathtub and or sinks to store water for handwashing and or other purposes during the outage. Once service is restored at approximately 2:00 AM Friday, September 11, 2020 follow the Boil Water Instructions below until this Advisory has been rescinded.

BOIL WATER INSTRUCTIONS:

- 1) Flush your internal lines. This can be accomplished by opening your taps and allowing the water to flow until all the air is expelled and the water runs clear.
- 2) Bring water to a rolling boil for one (1) minute before using for culinary (cooking), drinking, brushing teeth, washing dishes and making ice. If you have an ice maker or public drinking water fountain, turn it off and do not turn it back on until the "PRECAUTIONARY BOIL WATER ADVISORY" has been rescinded.
- 3) This "PRECAUTIONARY BOIL WATER ADVISORY" will remain in effect until a bacteriological survey confirms that the water is safe to drink.

Updates on Boil Water Advisories are posted on our website at www.sua.com or you can call our Boil Water Hotline at 561-656-2244 for the current status of the Boil Water Advisory. To speak to someone concerning this advisory please call our office during regular business hours, 9:00am and 4:00pm, Monday through Friday, at 561-627-2920. Calls after regular business hours should be directed to our emergency service at 561-627-2900.
