

NOTICE OF CONSTRUCTION

LEEWARD WAY LOW PRESSURE FORCE MAIN (LPFM) EXTENSION

Location: Leeward Way, West Palm Beach, FL 33410

Project Description: The project consists of the installation of approximately 1,740 feet of 2-inch low-pressure force main (LPFM) as an extension to the current LPFM system on Old Donald Ross. The proposed LPFM will run along the west side of Leeward Way going north from the intersection of Leeward Way and Old Donald Ross. The purpose of this project is to provide a low-pressure sewer connection to the existing system to the properties on Leeward Way. Property owners are not required to connect to the low pressure sewer system.

Schedule: Construction will take place from July 31, 2025 to October 24, 2025.

What to Expect: Contractor will be excavating, installing LPFM, and restoring surfaces. Asphalt and concrete may have temporary patches until final construction of these items takes place. All landscape, sod, concrete, asphalt, and paint will be restored.

CONSTRUCTION TEAM

Contractor: The Lazarus Group, Inc.

Construction Manager/Engineer: Chen Moore and Associates, Inc.
