# NOTICE OF CONSTRUCTION

## *FY 25-26 POINT OF SERVICE CLEANOUT ADDITION PROGRAM*

**Location:** Edgemere

**Project Description:** The project consists of the installation of cleanouts on existing sanitary sewer laterals throughout Edgemere. The purpose of these cleanouts is to provide an easy access point for effective sewer rodding to remove blockages. The installation of these cleanouts is critical to provide wastewater service to SUA's customers.

**Schedule:** Construction will take place October 2026.

**What to Expect:** Contractor will be excavating, installing cleanouts, and restoring surfaces. Asphalt and concrete may have temporary patches until final construction of these items takes place. All landscape, sod, concrete, asphalt, and paint will be restored.

### CONSTRUCTION TEAM

**Contractor:** Jamie Underground, Inc.
**Construction Manager/Engineer:** Chen Moore and Associates, Inc.
